Fast EV Charging
Up to 10x faster than a 3-pin plug.

3x faster than a 3-pin plug.
Provides up to 30 miles of range per hour. (RPH)

7kW

- Pairs with the Pod Point App.
- Remotely schedule your charging.
- Over-the-air updates via Wi-Fi.
- Auto Power Balancing.
- Tethered model available with Type 1 - 4.8m or Type 2 - 7.5m
- OZEV approved.
- Price includes standard installation.
- Compatible with all plug-in vehicles.

Note: Your cable or vehicle may restrict you from charging at the full 7kW charging rate.

Fast charging for your electric car.
The Solo 3 lets you charge at home faster than with a 3-pin plug.

- It comes with the choice of three power ratings: 3.6kW, 7kW or 22kW.
- Compatible with any electric vehicle, you can get up to 90 miles of range per hour charging.
- Choose a universal socket so that any car can plug in (using a separate cable) or a tethered version (where the cable is permanently attached).

Protected with Auto Power Balancing.
Keep your electric car charging without disruption to your home.

- Adjusts your charge so your electrical supply doesn't get overloaded when your home is using a lot of energy.
- Charging returns to the fastest rate automatically, once more power becomes available.
- Lets you run all your home appliances as needed and makes it possible to install a second chargepoint for other vehicles.

Over-the-air updates via Wi-Fi.
Unlock new features, get the latest software updates and receive remote support.

- Receive over-the-air software updates by connecting your Solo 3 to Wi-Fi.
- Get new smart features that we release in future without having to buy a new charger.
- Receive remote diagnostics from our support team in the unlikely event there's an issue with your charger.

Get more with the Pod Point App.
Pair your Solo 3 with the Pod Point App to understand and optimise your energy usage.

- Schedule your charging during off-peak hours and save up to 70% on electricity costs*
- Gain insight into your charging activity and the associated costs from your mobile device.
- View all your home and Pod Point Network charging activity in one place.
- Download itemised charging reports to form part of your home and vehicle budgeting.

Available on [iOS](#) & [Android](#).

Warranty and safety features.
3 year warranty as standard, safe by design.

- Your Solo 3 comes with a 3-year warranty with the option to extend to 5 years while ordering.
- Compliant with the highest international charging standards (IEC 61851, CE Certified).
- Includes over-current and fault protection, wet gun protection and double power relay.
